Lagoon Expansion

The expansion of the lagoon is underway. While the work is going on please refrain from accessing the site where the crew is working.

Please also note that topsoil, clay or any other material present at the site is not free for the taking. It is property of the Village.

WARNING
WORK IN PROGRESS

Building on Main

The pink building on Main St. will be demolished later this summer. Just like with the lagoon site, please let the crew do their job by refraining from going on the property.

Keep watch for an upcoming sale of the items inside.

Elm Pruning Ban

IN EFFECT APRIL TO AUGUST

This annual ban, in place from April 1 to August 31, is to help stop the spread of Dutch Elm Disease.

You can to completely remove an Elm tree during this period, however it is important to dispose of all Elm wood quickly and completely.

Provincial regulations also restrict the use, storage and sale of Elm firewood.

For more information contact the Ministry of Environment Inquiry Centre at 1-800-567-4224 or visit Saskatchewan.ca/forestry.

Go! Science is the Saskatchewan Science Centre's interactive outreach program, travelling all over Saskatchewan throughout the year. Can't come and visit us? We'll come and visit you!

Go! Science

Fly Me to The Moon!

Have you ever looked up at space and wondered what it's like all the way up there? Take a journey with us to learn about astronomy, upcoming space missions and how astronauts are put to the test in space!

Disaster-Defying Architects!

Delve into the complicated world of engineering and learn exactly what it takes to design the world around you. Develop your engineering skills by building structures that will stand the test of time – and the test of extreme weather conditions!

Backyard Biodiversity!

Learn about the unique ecosystem found right outside your door. Help us look closer at the flora and fauna that make up Saskatchewan's biosphere and how we can practice climate consciousness at home! All three programs are geared towards children in Grades K – 6, and are designed to create a fun and interactive learning environment. The program includes an element that each participant will take home.

Village Reminders

Recycling bins

When taking cardboard boxes to the blue bins to recycle please ensure that they are flattened. This ensures that there will be enough room for everyone's recycling in the two week span between the bins being tipped.

Safe walking at night

- Avoid cell phone use
- Avoid listening to headphones
- Use crosswalks when available
- Wear reflective clothing at night
- Don't assume drivers see you
- Face traffic while walking
- Be aware of your surroundings

Grass Clippings

Please refrain from shooting grass clippings into the street. It ends up travelling along with the storm water and clogs the drains. It's also dangerous for 2-wheeled vehicles as it reduces traction.

Tax Notices

Tax notices will be mailed on June 7th. Any property that has not received a tax notice may call the Village Office at 306-336-2505.

Summer Employment

Our summer employee this year is Colin Oakes! He will be with us for a couple months, assisting public works in completing the many jobs they undertake. If you see him out and about give him a wave!

**CHECK OUT MY
SIX PACK**

"Dad, did you get a haircut?"

"No, I got them all cut."

How do you find Will Smith in the snow?

You follow the fresh prints.

Why do Dads take extra socks when they go golfing?

In case they get a hole in one.
